12.31.2011	1 st (both eds.)	Appendix p.1153	Appendix p.1524	After the Overdose and Toxin Exposure section, <u>insert: ARCI UCGFS Classifications</u> The Association of Racing Commissioners International, Inc. is a non-profit corporation whose mission and vision is: To protect and uphold the integrity of the pari-mutuel sports of horse racing, dog racing and jai-alai through an informed membership, by encouraging forceful and uniform regulation, by promoting the health and welfare of the industry through various programs and projects. In the ARCI classification system, Class 1 drugs have the most potential to affect performance; subsequent classes have less potential. The information in the monographs is taken from the Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule document (April 2005). See the ARCI website for the most up-to-date information at http://www.arci.com
